

6. Write a c programme to convert temperature from Fahrenheit to Celsius

```
#include<stdio.h>
```

```
int main()
```

```
{
```

```
    int fahrenheit, celsius;
```

```
    printf("Enter the fahrenheit: ");
```

```
    scanf("%d", & fahrenheit);
```

```
    celsius = (5*(fahrenheit - 32))/9;
```

```
    printf("celsius = %d\n", celsius);
```

```
}
```
