

3. Write a C program to print the reverse of a number

```
#include<stdio.h>
```

```
int main()
```

```
{
```

```
    int i = 1, n, reminder;
```

```
    printf("Enter the numbers: ");
```

```
    scanf("%d", &n);
```

```
    while(n!=0)
```

```
    {
```

```
        reminder = n % 10;
```

```
        n = n/10;
```

```
        printf("%d", reminder);
```

```
    }
```

```
return 0;
```

```
}
```
