

1. Write a C program to print a right-angled triangle '*' star pattern

```
#include<stdio.h>
```

```
int main()
```

```
{
```

```
    int x, y, z=5;
```

```
    for (x=0; x<=z; x++)
```

```
    {
```

```
        for(y=0; y<=x; y++)
```

```
        {
```

```
            printf("* ");
```

```
        }
```

```
    printf("\n");  
}
```

```
return 0;
```

```
}
```
