

10. Write a C program to print out all Armstrong numbers between 1 and 500

```
#include<stdio.h>
```

```
int isArmstrong(int);
```

```
int main()
```

```
{
```

```
    int i;
```

```
    printf("Armstrong numbers between 1 and 500:\n");
```

```
    for(i=1; i<=500; i++)
```

```
    {
```

```
        if(isArmstrong(i) == 1)
```

```
        {
```

```
            printf("%d ", i);
```

```
        }
```

```
    }
```

```
    printf("\n");
```

```
    return 0;  
}
```

```
int isArmstrong(int num)
```

```
{  
    int original, remainder, result=0;
```

```
    original = num;
```

```
    while(num != 0)
```

```
{  
    remainder = num % 10;  
    result = result + remainder * remainder * remainder;  
    num = num / 10;  
}
```

```
    if(result == original)
```

```
        return 1;
```

```
    else
```

```
return 0;
```

```
}
```
